Generous, as always, it was wonderful to send the check. We had a practical nurse for two nights and then I thought I would try alone again but we had intended to have her even before you said to do so. I thought she would like her to come during the day & we have made arrangements for her to come Tues. to Sat. Harry we expect on Monday.

I ate nicely today - and we had a quiet day. I meant to write sooner - but so many interruptions.

About the insurances - that is fine (I thought you had to give them up some years ago!) but there is no immediate

hurry, so you do what seems best
to you. We are mighty appreciative
of all you have always done for us.

Harry wants to go to Lee (I hope
for only a few days) Eleanor is no
better & Henry is thinking of getting
a divorce as E. is no wife & mother
Harry said her family seems very
indifferent to E's behavior & wonders
what they will say when Henry brings
the news! Helen says Henry should
have done this long ago & she is a
Catholic, as is E's family.

I hope Bobs got the 3 D's which I
finally sent back & I hope in good con-
ditions we loved seeing them & showed
them to the girls! We enjoyed Ethel's
letter so much too. Thanks a million
and hope we can see some of Karl's letters
