My dear Mr. Struss:

I have been hoping to put my hands on your address, but without success - so this is a tardy acknowledgment of the pleasure we had in receiving Christmas and New Year's greetings from you and Mrs. Struss. I feel sure in sending this through Anderson that in trusting to my memory of Hollywood as the town - but no street or number.

This comes to you out of a white New England winter and brings you our best wishes for the New Year.

(Yours faithfully,

Bertrand H. Wentworth
