

EDWARD WESTON

Dear Karl Struss -

- surprised to hear from me?
- yes we still exist despite revolutions and other unexpected events down here!

I shall go straight to the point of this letter -

I sold to the Governor of Salisco eight prints for the State museum - among them one of the prints of you - now you have the negatives and I have

EDWARD WESTON

Always cordially and with best wishes - E.W.

no print of my favorite -

I wonder could you pull
a positive from the neg-
ative for yourself - and
send me the original - if
you wished it back I could
re-mail after printing - for
safety make the positive -

This would be a great favor
- This picture is one of the best
things I have done --

- my work done here is the
best of my career - I hope
to show it to you someday
- and you? and your wife?
and the baby?
