

Saturday.

24 Charlton St
New York

Dear Laura:

We were all very much
pleased with the pictures! I
have not written to you before
as I took your advice and
lived with them for a week
or two before deciding. The
outcome of the united opinion
of the family is this.

I want, for the three prints
included in the sitting (1)
The one with the hands folded
on top of each other - looking
down (2) The one with the
hat & coat (3) The one looking
up from reading the book -
of slightly darker tone than
the others - These I
am keeping -

I would like to have two
duplicates - (1) The one with
the hands folded (2) The
one with the hat and coat.

As I shall have sailed
by the time they are ready
would you be so kind as to
send them to me in care of
The Rev. J. W. Suter, Jr

303 Fairmount Ave
Hyde Park

Mass

He and Margaret will
keep them for me until I get home
again. I hope that you will
keep the plates of the ones I have
chosen as I shall without doubt
want several more copies when
I return from abroad.

I enclose a cheque
for the sitting including three
prints and for the two
extra pictures — \$35.00

Thank you very much for giving
me something that the family will
look at! Did I choose the ones
you preferred? I hope so!

I heard that Mr
Carlson had decided to come to
the Institute this summer - and hope
that it is true. I am so anxious to hear
more about it - do write me if you
ever have a free moment - I think

Mr Carlson is a splendid person
and that the school might consider
itself well started if he has consented
to come.

Thank you again for the
pictures
Affectionately Julie Sturgis.
