

THE BALDWIN SCHOOL
BRYN MAWR, PENNSYLVANIA

March 25, 1907

Dear Mrs. Gilpin:-

I am very glad to give Laura the permission to go to Mrs. Wilson's whenever her going is in accordance with the general school rules.

For some time I have been meaning to write you about Laura's work. We are more than pleased with it this year. She is doing good, strong, intelligent work in every subject, and is taking her stand as one of the strongest girls in her class. I am especially pleased with her work in English;- in grammar her average is more than "merit" so far, and in English literature this last month she was within one or two points of the "merit" grade, which is really a good mark in English literature.

Mrs. Gilpin -2-

We feel that Laura's general influence
in her class and in the school is always for good.
We can depend upon her in every way and I am more
than pleased with her development this year.

With kind regards, I am

Very sincerely yours,

Jane L. Brownell
