

and would have written sooner
only I've had about a hundred
family letters that had to be
gotter off. You will surely
have a wonderful winter with
everyone being so good to you.
Have the best time in the
world little Laura and when
you are having it, or working
at your usual, remember
someone who thinks about you
all the time. Warming camp
in for a minute after church
this morning and she told me

forget-
the ping-pong
last time!

7044. April 27,

Sunday.

My own dearest Laura:-

Here it is Sunday,
a windy & all day and a
consonant one. How I wish
you could be coming with
tea without another soul
30 miles around.

Receive of you two
sweet letters last Monday

all that you were doing. It's great, and
I'm proud you have anything
the in the world. Never to have let
I sleep without you dear. Is that it all
won't wear you out?

We have had a few picnics and
always missed you so much. Elizabeth
Lockhart had a bridge party and
Elizabeth Davis is having one tomorrow.

There has been a few CDs. I try
to remember a little in my music
every day and to keep up some technique
but it's hard to go ahead without a
teacher. I read a lot and take a
walk every day. Altogether are a lovely
little creature. Up & driving comes in
sea occasionally and I just love him.
William had tea to dinner with him
and John Carey and we played bridge
afterwards. Whistlers are getting very old.
I like your dreams Laura dear.

Goodbye little Sweetheart for a short
time. Will when you have time and I'll write
soon again. Best love to your mother, and a
whole heart - for you with a big old time hug & kiss
- always.

the other day and we had a good
time. It reminded me of my
birthday on last year. Every
time we have been meeting around
they all say how much they miss
you. Charlotte says she is hurt
because you wrote to my son and
not her. He is not willing to
have Wilhelmina - or yet - she
had Edgar, Faddie and me to
dinner the other night - and the
majority afterwards. Yesterday
we went to Dotter's to see and
left last night. I had to see
the child go. There is one joy
in the east though.

proud of you when you come
home because you will do so
well in your music. I have been
doing a little with scales every
day.

I hope you will see George
soon and like him a lot. Good
luck to you in evening.

Will Laura darling write
me when you have time.

With a whole heartful of love
and a big hug and kiss

I am always,
your mom.

near your
note paper.

The ping pong was not very exciting
as they were nearly all spoiled
and he made up on the group which
was not good. He has little pictures
of you with your hat is sweet and
looks so nice in my pocket.

We had such a clever little
play last night. Henry
wishes in "Her husband will"
never and see it if you can.

Today we are all going to
see at Mrs. Shapleigh's for
Lunch. How I wish my Laura
would be there.

I hope we will all be so
