

1225 WOOD AVENUE
COLORADO SPRINGS, COLO.

Friday April 4.

My own dearest little girl:-

Your sweet precious letter
came to me yesterday and my heart-
ached for you more than ever. Oh
Laura dear I can't bear to give up
our time at the Ranch together.
and still it seems impossible.

Only two months from today.—
Just think of it. I have ordered
my suit from Shodoe because I

old him & liked yours so much.
I haven't any of my clothes yet-
although I don't have much.

Mr. Sandy & we spent Tuesday
night at Charlotte and all
through dinner we talked about
you. When everyone praised you
to the highest it was perfectly
wonderful to be able to give them
"one better." You are so sweet and
that night Charlotte sang "Thus we
die Sunday-morn" and I enjoyed
it - till I went to sleep and thought

Love & love you above everything. Yes sweetheart.
You are the bright-light of my life to.

Then to think you were mine. Dear sweet girl
that it is time to long to be with you -
to love you and make you better.

Heart- how long & how kind
you can come over before the wedding?
Tell me all about everything.

We have ordered a cute little portable house
a living room, dining room kitchen and three
bed rooms, and then a little separate cottage
for a man and his wife if we can get them.

But - Laura dear but if all we have
George Shields' Chalmers 30. Let it be great -
George is going down to the Ranch tomorrow
morning in it.

Love by my own darling girl for
now. All my love yours ever and remembers
that I love you beyond words

Clady
