

My dear dearest - we got
your precious and
sweet - letter came to me
Friday and I did love it
so much. He arrived all
safely just - in time to get
his horse on his way to the
Ranch.
Oh Laura dearest - if -

a million times. After we went
to Jones in the Chalmers & to
the chopping and have been
busy every second. It is quite
hard work and I feel rather
wired still. I'd be so glad
when to get to the Pantry.
We are going to see a man
and his wife today so hope-
they are nice. As soon as the
shore is there we will go
down.

done for me it makes the heart
come. You are so precious and
you are sweet and kind to
me when I needed it most of
all. I wish I must be near and
tell you when you are getting
married. I love you darling. I
wish I could give you a big
big word.

I started this letter
more than a week ago and
since then have thought of you

was a great disappointment
to me not to be able to go on.
I wanted to be with you
so much even if only for an
hour or so. But you see it
was necessary for George
to be here to decide about
things. I have been loving
you so much more than ever
before if that were possible.
Then I think of all you have

Paula we thought a little
cheap upright piano at
Knight-Campbell in Denver
and it isn't bad at all. They
will give us the money back
on a new piano within
two years so we are going to raise
up. Just look at what this old
fountain has done - scattered

deal. I am dear as ever
happy all the time and it seems
to be getting nicer and nicer.

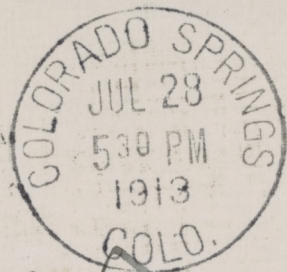

Someone a woman bought a
lot and I think I have all the
ther it a great deal of work
for improvement.

The pictures will soon be
printed & hope, and then will
send them dear. Thank you
so much for the little anniversary
letter. I will be for you. All my
love always. Goodness I was glad

& looking to Misses der Schmecke.
Kumb- and longing for my
girl.

Saula what a darling of
art. I am so glad you dear
little worker is going to get
away this winter. But something
is sure to turn up and then you
can come to me. It is so long
forward to it so much, and so
will George. He cares a great

Der the whole letter. Will you please
the Betty became Kumb- get-
this off to us for so many
things. Then we got a twenty
five dollar victrol for eight
because they are going to make
it new twenty-five one with
a cabinet. Then we got fifteen
collar worth of records for now.
They are all ones you have the
phone. I think I will always
