Monday. 10/13/13.

My dear little Laura:

Last night when I was  
going to sleep I thought of my  
girl for such a long time. It  
seemed so very long since I had  
seen what her and I just love  
her more all the time. Her is  
such a nice precious girl.

What wouldn't I give for  
a good old time talk and

unhappy. I'd almost not - to tell  
you how precious the girl was (at  
more than that time.) I'd rather  
I never dreamed I could be so  
happy. I'm sure I am happy for  
you in Germany, but it is  
just when the new girl thinks  
best. I know how she must think  
you could be, & I hope so.

How surprised at  
Dolly's engagement? I was  
a little not - and seemed  
chiefly happy. That - did she

was do with your little Alden?

Have did you ever get anything  
from David for your dress? Orington &  
asked them they said they were working at  
a club.

Write him soon, and where is he?  
& often think of him, and you must give  
him my best when you write.

Dear dear I have such a big  
secret - to tell you and it has nearly  
killed me to keep it so long, but I kept  
thinking you would come and I thought it  
would be nice. Don't please tell a soul.  
If you tell your mother or would tell father  
and then I don't want any more in the Spring  
I know. If father there is a precious  
little land coming sometime in the middle  
of April, and I can hardly wait to see  
it. Can't it be so wonderful. I can't really  
believe it sometimes. George is just as  
happy about it as I am. Don't you love

it- Laura darling?

I am feeling awfully well  
now but for the first two  
months I was pretty shaky at  
times. It makes me laugh to  
think of it because I didn't  
know what I think.

Dearest- girl write me  
soon and tell me how are Larry  
& Co. I'll be with you  
Laura. - Good night and

God bless and give you every  
happiness.

Always yours Mr. Living  
Blades.

George sends his love  
with love to your mother and Dad.
