

Sunday -

Dear Laura: -

I am in the
middle of a domestic upheaval,
and I must take time
to write - you and thank you
for my surprise which came
yesterday. It has been
dear of you to send me
the record, and of course

You know how much I have
been wanting it. The musical
vibrations will traverse the
distance - between us often,
and charged with love,
honor - they?

On a very quick impulse,
I sent you that momentous
telegram - for see, I have
no servants, but I
needed some one to run

the house, do the marketing, & plan
the meals, and be my Secretary.
I know you could have done it but
then it - would have been too
arduous, and too confining for you.
I am planning to move into a
larger house - if I do this, I
will not be able to afford
my car, this year. But if I do

not move, I will get my car, this
week. I don't know how to go about
it! I expect a rushing year - and
see more projects ahead than I saw
last year - I am looking forward
to it -

Dear, I care - write - now, how - the -
I will try to soon again - know how to
mother. I feel kind - of you & am very
disappointed that we could - be together - this
winter - with so much love -
