

Wednesday

Dear Sir —

The editor of the
"Musical Courier" writes
me that you already
subscribe to the magazine
so that he did not
send you the subscription

Is this so?

I fear Mrs. Tennyson
to-day — one — has been to
have a visit with her
mother Sunday week, so
busy are we both!

I have time to answer
you these picturesque
letters, however — but hope to
very soon. I have almost

no phony ops - the Ex position -
really, any two of us I should
love to see you & should
be so happy to have any
you took yourself in with
decision - with you too
much! Love you

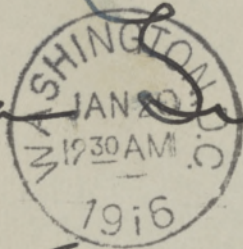

again how this short
hole?

So much love for

Love affection
A.C.

Love to both
