

Sunday -

Dear nice Lamma - long time
I look at - your dear calendar
I think - how much I want to write to
you! But - I don't get any further! Even to
day has been full - yesterday was the
late hour. To day I had a paper's
manuscript at my elbow - It had a great
success - but - I feel rather "let down"
and true how, in consequence... It is perfectly

Allyce - what a "Plover" - anything you do make
be allyce - and I could't understand. The
interesting thing is, I want you to have it. So do
arrange it - anything you want it.... I will love
the photo you do for me. Don't hurry - do them
at your leisure. While be very grateful
to you.... Don't - I tell you that I have
an "Ireland" fine passage can? I have it.
I still have a chance, though I can
drive it - finally well myself.

Colorado.

You are a very wonderful friend. I
love you - and hope I may be
fortunate enough to keep you -
Live - is - wonderful how our
loved can other. a. just right?
Believe you A.S.

It will be a joy to do things with -
your next summer; where you
like me sometime to make
you out a list of books that I
think - you ought to read? I
have been so happy to do it.
Summer plans are not very clear
yet - but all my thoughts
are really turned towards
