

Thursday.
Dearest Luma:-

I am sending you a
tiny valentine. I hope you
have not read that book. It
is my one of my "favorites"!
Let me subscribe to the "Lion"

Go, for the pleasure. There have been
foolish complications — I became irritated
with them, and so called it off. I
had absolutely ~~nothing~~ to do with you.
So done — misunderstanding, or worry about it.
You know me better enough to know
that in I tell them — but to show you ^{my} ~~my~~
susception — true I have a good reason for
it... I have a surprise for you too — an
insignificant one, it is true! A great deal of love.

St.
Valentine's
Greetings.

I love -

Edith
