Dear Lane: - Do

not think - never think of me!
I love you just the same,
and often think of you - I
have felt really ill, lately.

and am working under an
abnormal pressure. But
after the concert, I hope I
can settle down to doing just one
woman's work. Now I am doing ~~three~~
three. I feel so overwhelmed that I am
blue - even my vision is tired.

My love to you, as always M.
