

Wednesday - (is shore between us?)

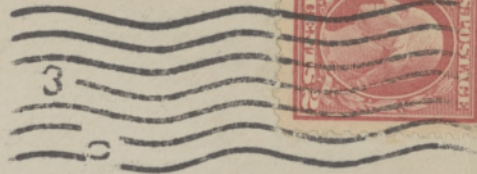

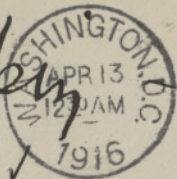

Dear Sam:

I was so disappointed
about the cottage - I had built
wonderful castle - about it - I am - you
looked you don't love it - I am
pretty sure to come anyway & live - and
if I do - in I have to find something after -
I come in. I have been. Better right - change
her mind? If she does, just - "glad" it
if she doesn't - I am glad to be
so glad to have my tent. The
sleeping porch & the view - hypochondria he!
I can only write briefly - but don't trouble
too much.

I have not heard from father! I do hope he
will come.

Spring is just here - everything's very late.
I am rather glad because I prefer to stand
the spring - I wish he lived as I am -
Love to you all - & my deep affection for
you always - H. S.
