

At home -

Thursday

Dearest Anna -

I got your telegram last night. And my
re-lying! I have not forgotten
that - I owe you for all
these telegrams and not only
for them, but for many things
that I have not been
able to pay you for.

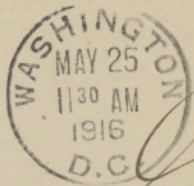

And though it
best to give you absolute
freedom about the decision
of the house. This is the
picture I have been "painting"
in my mind -

Quiet - as quiet - as I can have it -
for a tired mind & body -
A house with - a porch & a tree, or
a little vista of green.

Now! I have very little &
doubt - how simple it is -

Grace Brook + baby Anne
May 30 + so I shall now be
able to leave here before the
5th of August. Can this be done?
If you engage a house before
it from June 12th to Sept 12,
+ in I find I can get away
a few days earlier I would
telegraph you. I have been
working night + day to get
this house ready for Grace
+ I am at the end of my
resources. Shall I send you a
check on deposit for the
house? I have no objection
to being a little ham out
in the country. When is your
drive - find a house drive - through
the hills come any way +
trust I shall find something -
write me a long letter soon -
Dearest love - Anne

I love - free the I
but thank you for
the — you must
know the I hear it.
