Monday

Dearest Lura — Her mother has been
desperately ill. She is better to day — so I
hope I can leave by the end of the week. I
have been very unhappy. I will write you
in time. I still hope for the Pullman Cottage.

Do you think - she would take \$65.00 for
it? Is it wise to offer this now, or wait
and see if she will offer it. I am looking
forward to my summer more than I can tell you.
I am very shy about dear mother - but if it - ^{had}
to come, God has good to her to permit her to
be with her... Love to mother - and
always, my affection & gratitude to you -
Anne.
