My dear Laura.

I was very
glad indeed to hear
from you and to
know that you are
well. I asked
me to think you
would do the
photos. for me. Some
one

Who knows about
Photography suggested
that in enlarging
double, the features
would not be so
distinct and that
1/2 enlargement would
be better. What do
you think?

I like the soft
grey ^{you} found, like
the enlarged photo-
graph of Annie's

Mother - Do you think
this the best?

Our baby is Ginger Ann;
the other is Roger VIII.

I should like in addition to
my four (now out) to give each
mother 2 (Ann with each baby
in two positions)

Do you think that will
be possible. I only have
the refusers of two - Return
all when they are through

with them.

I enclose another photograph
of Anna. Now run
this + do run think
it could be enlarged +
what differ so it will
not lose.

Now run this one

Write soon + tell
me what you can

first + tell me
first way to do these.

do with all of these.

My days are
full of work;
that is - affairs -
have not begun
Professional Intellig-
ence.

The gentleman
interested in
my color work
with music.

Keep acct of all expenses in - Jan'y
these, Intellig'ce. That is the agreement.

will see me this
afternoon - He is
busy collaborating
with electricians &c
at the theatre.

It will be interesting
if we can consummate
this

My friends have
fatted about me -
I have answered
personally hundreds
of letters & telegrams

There will probably be an
"In Memoriam" to Anne
in the next "Port Lore" - I
do not know when the
next number will
be issued.

I am much in Anne's house,
but have been living with
Grace & the Major. Next
week I shall stay with
Theresa & my brother

Louis. — It is near Anna's
home where I shall probably
have my Studio + a man-
servant to care for my
needs.

About N. Y. — I do not know —
I can advise this — But you
must listen + follow it. Listen
for a voice in the priest,
it will direct you.
