

The Studio,

July 7th,

Dearest Laurie:

Just a line to answer your questions. Mrs Nelson's address is:

Mrs J. P. Nelson,

Water Witch,

Via Seabright, New Jersey.

I'm afraid you'll have to ask Edie for Mrs Comstocks, as there are two Montclair Comstocks, and I don't know which she is.

The price of the "Water Lily Baby" is \$600.00, in bronze. This does not include shipping or setting in place. You're a darling to have me on your mind.

Don't worry about me and the hot city. In the first place it isn't at all hot. At least, what I call hot. I like it. And I'm not working a bit hard. One or two intimates are coming in to see the Memorial tomorrow, but after Monday morning I shall be through with it until it is cast and out at Closter on Sunday. On Friday, unless it is rainy, I'm going to help Mrs MacNeil take her two kiddies down to the beach for the day. You know, the little ones have never seen a beach. Won't it be fun?

Must wrap up the figure. It is a bother. Don't you dare make Mrs Penrose's book as nice as mine or I'll be jealous! So glad the orders are coming in.

So much love from

Bredie
