My dear Miss Gilpin;

I am working on another book on photography, dealing this time with the artistic phase of the work, and I would like very much to include a reproduction of your picture, "The Prelude", since that seems to me one of the best achievements of its kind with which I am acquainted. Could you let me have a print for this purpose? I assure you that I shall greatly appreciate your so doing, and shall be glad to give credit to the artist in the text, also sending you a complimentary copy of the book when it is published.

With best wishes, I am

Yours most sincerely,

*Paul L. Anderson.*
