

April 26-1920.

3233 PACIFIC AVENUE

My dear Laura:-

I was perfectly delighted to hear that Mother was so pleased with the portraits you made. She was most enthusiastic about them, so I know that they are a great success. I want to congratulate you, for I know it is no easy matter to get something that will satisfy a mother!

You were very complimentary about my portrait of Evelyn, and I was glad to have your approval of my work for one often gets

discouraged when there is no one
who knows about photography to
give friendly advice and criticism.
Some day I hope to get in touch
with some of the pictorialists out
here.

Of late I have not been doing
much work, but I still find it
most fascinating and I think
that I am improving a little
all the time.

We shall look forward to seeing
the prints next month when
Mother comes out.

With best wishes to you all,

Ever Sincerely,

Frederick H. Morley.
