My dear Miss Gilpin ~

The arrival of
a large glass package
from far-a-way Colorado
Springs quite took my
breath away. To be
glad to know that it
came in perfect condition,
was best of all.

The picture is a picture,

and I'm going to carry it
down to New York with me
over James. If it is
reproduced in Musical America
don't be shocked or surprised.
I thank you, I thank you
for it. It shall adorn my
beautiful office.

Those dear days in
Colorado are unforgettable.

Anne, bless her heart is
on her way East this very
minute. I hope to see her.

I shall certainly try.

Give my love to Mr. Gregory,
don't forget to tell Gertie Hall. — It
refers to her name? When the
don't believe if they are with you
in winter and summer. Teddie says
and his wife. Don't forget the
charming voices of the Quinrys
over at Shattuck, and Clara Reid.
Don't don't forget your good self
and spring 1922 the bird in the wing
for you. Goodnight and goodnight
