

Upsilanti. March 14-

My dear Miss Gilpin -

[1921]

I hope you will excuse
my not writing sooner - but have
been busy getting another exhibition
started & loan exhibition of
furniture & other antiques -
Sculpture - paintings etc - all local -
I received your letter written
March sixth but of course the
telegram sent that day was
the one I followed as they
were all packed I sent them
to San Diego - collect & sent
a check for my share of the
expenses - & of course shall pay
the insurance - I am certainly
very grateful to you & the
exhibition gave great pleasure
& people who know nice
things said very complimentary

I wish to congratulate you
on the prospect of a European
trip - that is fine - how long
will you remain -

Thank you again for all
your kindness -

Very sincerely

Beulah Gordon

everything came in fine
condition - B. G.

Things about it - One young
man photographer here in
Ypsilanti is anxious to study
with you & will probably write
you about it - I am sorry
I haven't any more press
notices to send but this
is just a little tour & only
one daily paper - & lately
a campaign for a much
needed hotel - has filled
the front pages - but believe
me - the exhibit proved a
great source of artistic
education to our students -

I am sorry I didn't sell any -
The photo in the class at For
Park is for myself - I was
reunited with your catalogue
& so will return some
