Miss Laura Gilpin,
601 Madison Avenue,
New York City, N. Y.

Dear Miss Gilpin;

I want to tell you how much I appreciate your letter
of the 28th regarding the little booklet we did for
the Broadmoore Academy.

It is a letter like this, once in a while, that makes
us strive to do better printing and I would consider
it a privilege to have you go through the plant at Mount
Vernon any time convenient to you. If you would let me
know a day in advance I would so arrange my time that I
could take you through personally.

Yours very truly,

PRESIDENT.
