CORRESPONDENCE.

ADDRESS.

Good. After 4 awful days we
begin to see the light of day. It
would have taken the whole staff
of the V.H.C. to take care of us
properly! We're glad with the
lastest boat going, and have only
two days more. The awful part of
being sea sick is there's nothing you
can do about it! The after-effects
have on life given death. But we
are comfortable and will soon see
terra firma & back!

Miss Elizabeth W. Foster.
