Dear Miss Gilpin

I received your letter with great pleasure. It is a great pleasure to know that I was of any assistance to you but I fear it amounted to very little. At any rate it was much less than I could have wished. However I shall hope to see you back on this side before long.

I saw the number of Camera Craft was agreeably surprised to find the article about you some reproductions I thought the Prairie one fine.

I shall heartily second any steps you can take to get a representative

collection of American work over here.
How soon is the Salon of the Pictorial
Photographers of America to be held?
I think we shall have a vacancy for
a house Exhibition at the RPS in
December as Mrs Ralli wants this
postponed for a month or two. After
that the first vacant date will be April
or May. Perhaps you will be able
to ascertain something when you
arrive in New York let me know.

I am sorry you were not in
London for my lecture tonight. I
should like you to have seen my
Italian Landscapes & Venice. I think
you would have wanted to come back
all the sooner.

I hope you have a good safe
voyage, but I see the Aquitania
reports a very violent storm
approaching the Irish coast.

Bon voyage & kind regards to
Miss Putnam
Yours sincerely
Dudley Johnston
