

My dear Laura.

Brenda has been to see me and we had a delightful evening. Great girl! as big as she is little. She has had such a success with her Academy fringe exhibit and she is so full of ideas, hopes and schemes. Such a pure mind and generous nature. Of course I know you are very busy and I am glad to hear about your glasses. Go to it! A very merry Christmas and Happy New Year. Do not try to write to me while your season is on but when you do tell me how you liked the P.P. Annual. Mr. Drew — niceman — was much pleased to get your letter. A few of my friends which have been hung at the art Center ^{P.P.} for a month or more

have been very kindly received. It is
so long since I have exhibited that
my pictures are new to most people.
I am eager to see your new work.
Are you coming east this winter?
Do not write until its easy.
Lots of love

G. Käsebier.
