Colorado Springs, Colorado.

My dear Miss Gilpin:-

I was very pleased to hear that you are very probably going to join the Camera Club we are organizing here in Denver. I know you can give our members a great deal in the art of picture taking, and hope we can be of some assistance to you.

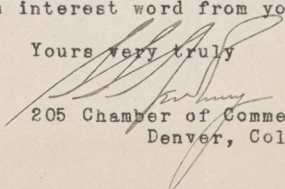

The Club has put me in charge of the Program Committee. We hope very much that you will consent to take one evening this winter and give us a talk on some phase of your craft. We will leave the selection of the subject to you, but we hope that in the course of your talk you can tell us something about the White School of Photography, and also something about your experiences during your recent trip to Europe.

Could you come up and make this talk to the Club on Wednesday, February 28th? I want to get up very shortly a printed program covering the evenings upon which we will meet for the balance of this winter, and therefore if you could let me know shortly if you will be willing to do this for us, and if February 28th would be satisfactory I will very much appreciate it.

I hope you will bring up a number of your excellent pictures to show us during the evening, as I know they would add a great deal. In your reply tell me what subject you selected for your talk, so that I can enter it in the program we are printing.

Awaiting with interest word from you, I am

Yours very truly
