My dear Miss Gilpin:-

As yet I have been unable to secure an exhibitor for
your collection of photographs during April.

The Friday Morning Club of Los Angeles have stated that
they might take the exhibit during May, if available then. I
have today written them that if they will take the exhibit in
May, I would recommend to you that you allow the exhibit to
remain here until May if no other western exhibitor desired
same during April, the collection then to be sent to the
Friday Morning Club.

Yours very truly,

Executive Secretary.
