

= balance the account, but had
I realized how much, I should
certainly have made the most
supreme effort to reimburse you
before this. I have had no statement
~~of~~ record, but I am very sorry
indeed to appear so dilatory.

I think I would rather wait till
the next time you come to N.Y.
before undertaking to plan a
book. I should want to consider
carefully the arrangement and
the binding - for the record is to

Westchester Bethune County
Club.
N.Y. December 13 -

Dear Miss Gilpin,

We have certainly been
negotiating at cross purposes ever
since last Spring. I tried then
to get in touch with, in the few
winter days before we sailed,
and this fall you had skipped
off before your note was more
than in my hands, it seemed.

I knew I owed you something

be a permanent one. I had luncheon
in Framwick the other day with Miss
Shirley Putnam, we having been
invited by a mutual friend to meet her.
What a smart and clever and little thing
she is! I have ~~promised~~ to take the children
to see her press & linotype machine,
and I want very much to see more of her.
If you will give me a week's notice the next
time you come East I will guarantee a
ready-room, for I shall always want to
hear about your trip. With our warmest
Christmas and New Year Greetings,
Faithfully yours,
Estelle M. Wolley.
