

My dear Laura

Glad to get your first letter and
to day the second. Have not written
sooner because I have not been
quite so well. Took a cold, printing
by an open window. I hope you
will not do anything quite so
imprudent. The text for your
circular is very good. I suggest
the omission of two or three duplicate
words. I have a feeling that the simpler
such documents are the better. You
got away from New York just in
time. We had a nasty blizzard
and a good deal of blustering weather.
I have not seen Brenda.
Of course Colorado is wonderful

but do make haste slowly and
husband your health. Just let
a few exhibitions get by with out
you now and then.

Mr. and Mrs. Dren called on me last
evening. He bought for Mrs. Dren
a print of The Heritage of ~~W~~ Weatherwood.
She liked it so well. It is very
poor printing weather for Platinum
and Polychrome papers. Cloudy and
damp. Much love to you

Take it easy.

Affectionately yours,

Gertrude Käsebier.
