My dear Laura.

A happy New Year to you and a good
rest. I saw Brindas book. It is
a beauty. Your technique is superb.
I know no other so fine.

I hope the Lincolns got through
all right. Dont fret about selling
them, and if 10% is not enough
take what you like. I am feeling
a great deal better, thanks to Dr. Morton.
I hope you had a fine Christmas
season. Work to do that you love to do
is the greatest stimulus in the world.
B.P. as you know is busy winning

prizes and commissions. I have
seen her only three times since she
returned from Col. Is she proud of
the book of views? Well rather!! She is such
a dear. How much I love you both.
What joy & experience in your
work. Just seeing it makes possession
mine

Yours always.

Gertrude Käsebier.
