Dear Miss Gilpin:

Thank you for the notice of your exhibition and your note. If you would like to come here some afternoon or evening I will be glad to show you some prints. We can make an arrangement if you will phone me Endicott 8359, any morning about 9.15 or in the evening about 6.45.

I dropped in at the Art Center the other day. Between occidentalized Chinese paintings, commercial American photo-mechanical work and a wall of mushy still life, truly "pictorial" photographs, I found it difficult to see your work. In some of the things I liked what you were trying to do.

Sincerely yours,

Paul Strand
