My dear Miss Gilpin:

I'm so glad you liked the article.
It made a nice two pages, even if
I did know that we weren't equipped
for reproducing the full beauty of
your photographs. When is Art and
Archaeology to make you famous?

I have asked the Citizen to send
itself to you regularly, and to
forward a dollar and a half worth
of extra copies. I told them to

send them to the address on your letter-
head, so if you don't want them to
go to Dale street, just let them know.

Very cordially yours

Wilder Adams.

Some day I hope to accept
that invitation!

W.
