Dear Laura,

I am greatly obliged to you for your note of the 15th. It tends to counterbalance some impressions; the specific information will aid in straightening out the list in its final results.

The pending controversy gives me some inconvenience but no uneasiness.

I'll tell you with Miss Watkins - or, rather, here with me - I had hoped she would adopt the wisdom of clearing from the list the ten prints purchased by her. But I have heard nothing further from her.

It will all clear up in course.

Myra has probably written you that Mrs. Davis is out of the list.

hospital at the Lake. Lu should be going to Germany for a visit with her
children, Mrs Perkins. So there is no further
present anxiety.

Best remembrances & wishes

Cordially yours

Gene L. Hiram
