Gentlemen:-

We are trying to get in touch with you once more in regards to our Cameras. This Camera you like to have price given is a special camera, which will be kind of expensive and also can not be made in our style that is the way we build ours, but we can have one made for you for about \$98.00 and extra reducing back will be 12.00 (that is 6 1/2 X 8 1/2)

We rather see you buy one of our standard Cameras which probably will be sufficient enough providing lens board and bellows extension is long enough. Bellows in our Camera is only 27" and lens board only 4 3/4 Sq.

price for our standard View Camera is \$60.00 and extra back for 6 1/2 X 8 1/2 12.00
this prices are F.O.B. New York,

We would like to serve you same as been serving thousands of our customers,

we remain Yours Truly

Star Camera Co.
