

THE BISHOP'S LODGE
SANTA FE
NEW MEXICO

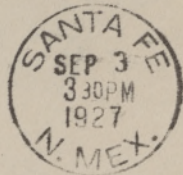

Dear Laura,

We reached here last night and found a letter from Dr. Joy telling of your dear Mother's death. Our warmest sympathy is with you and your Father for we know what a united family you have been and realize your loss. I sincerely loved your Mother, for her sweet lovely character and for her friendship and kindness to Mrs. Joy. Her visits meant a lot in

her long, weary invalid days
and I appreciate it greatly.
I wish we could do something
to help and comfort you. If
you come to New York later
I would love to have you come
out and stay with me. You
could use our family doctor to
and from New York and be free
to spend day-time there.

Mr. Wing joins me in warmest
regards to you and your Father.
Yours affectionately
Mary van Buren Wing
