My dear Miss Gilpin
It has been
in my mind before this present
moment to send to you and
your family a written word of
my sympathy in the going of
your dear Mother - if she was a
great sufferer it is a blessed
release for her but always the going
of our dear ones leaves our
pill-aching hearts and vacant
chairs in the home.
I know her but slightly but

He never loses his smile, he
always radiates cheer and his
charming presence - please let
me send my love to you and my
sympathy for all - cordially &
with great return

Yours
Lucy R. Hemming.
