Dearest Lollie

You have been so much in
my thoughts all day and
especially this evening have
been thinking of Emma,
that I am sending you
a line before I go to bed.

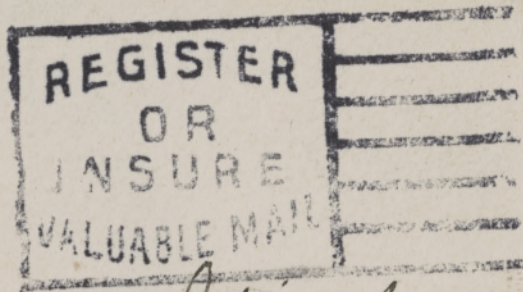

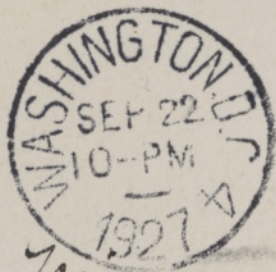

I hope you are well -
The adjustment so difficult -
if only I might see you -

Herbert thought in the summer that official business would take him to Colo. in Sept. but the state was changed - a great disappointment as of course he would have seen you.

Write me when
you

can I am blame you
may have -

So much love always
"Cousin Fanny"
