Mission House -

Sept. 10. 27.

My dear Mr. Larra,

You are very much in my thoughts as I am sure you know must be so. It has been a consolation if you were able to be of such help and comfort to your family in these past weeks. That you would of course be so fortunate does not take away either from your own deep feeling nor from the affectionate regard of your friends.

Estimated as I am all I can do is to wish I might know how you are and how your plans are

developing. I have asked Miss
Scott to write to me, perhaps
she will see you from time
to time, and tell me about
you. So do please let her
know your plans and all
the day's doings. She will
let me know if you make
a change of address.

As I am doing well
at Mackinaw we are to stay
on for a time. The fall
weather is exquisite, the
northern woods show color
early. Our windows look
across the Straits of Mackinaw
to other lovely islands. We
are very near the water,
the many passing steamers
and large freight carriers
are a constant entertainment.
The play of changing color
is very fine.

Your father wrote me of
the building you have
undertaken, next door to
our dear Margaret Spoon
and her little school.
It is a good situation,
light and quiet.

With kindest regards to
Miss Foster, love to yourself
and your father,
affly your friend,

Frances Stewart.
