Miss Laura Elpin

Dear Madam,
Please accept my many
thanks for the book about "Mesa Verde"
which you have been so kind as to send me.
I have admired your work in recording
these remains with so much pictorial
charm & am delighted to have the whole
series. I don't know much about the
subject, though one meets articles about
it in going through early American
magazines - the old incomparable "Harper"
& "Scribner". It must be a truly im-
pressive District to explore. The account
given in your book is beautifully written.
I hope you wrote it - "artist in one
thing: artist in all," you know!

With repeated thanks
& cordial acknowledgments
I am, Yours sincerely,
F. C. Tilney
