Laura dear.

The books of Photographs have been
recd. - We are all delighted
with their great beauty.

Harrie Wood placed the one of
Freddie's with our album and
kept it in his book. I prize it
highly - as showing a younger

and can give expression - I have
put before his class: I have
found letter writing a little
difficult - the part which you
may understand. a letter from
Margaret came by this morning
mail enclosing a photograph -
I sent Maria when on sea
I enclose it - when you are not
too busy I would like to add
it to those I now have -

Clara's recovery in health and
spirit is most remarkable.
You have seen E. and dear
Laura and we all appreciate
it - as well as the thoughtfulness
of all her friends. My love to
Miss Foster - am sorry she is tired
out - but a rest will give good.
Can not be soon bring her back
to health again.

I enclose a check. Many thanks
Dear Lema and much love
from affectionately yours
Arthur Johnson.
