

171 West 12th Street
New York.
April 14th 1928.

My dear, dear Laura.

Thank you for remembering me
with the beautiful easter card.
How I wish that I might see
you and have a frank talk about
some things that I do not wish
to put in writing. I asked
you if you had some prints
to the O. L. of C. ? There was no
mention made of them in the
report of 1927. Did you see it ?
I have received from Mrs. Clarence
White a circular representing
her school. Have you seen that ?
I wish I could see your house
as from your description it

must be charming. I hope your
work as a business and an avocation
is doing well. I have not heard
from Brenda for a long time.
Please excuse brevity. It is my
eyes. I cannot write much.

With much love.

Gertrude Käsebier.
