Dear Miss Gilpin

The photostat copies of Frederic Agre's work were taken by me to Schirmers' shortly after you sent them and I recommended this for early consideration.

The recent reorganization of the Schirmers business has brought a great deal of delay in all such matters, however, and nothing has been done. On receipt of your letter this morning I at once telephoned to Schirmers asking for the material in question to be

sent immediately to Mr William
J. Upton, 221 Forest St, Oberlin, Ohio
in accordance with your letter
and these instructions will be carried
out, I feel sure.

With cordial regards

Very sincerely yours

Barbara Jones
