My dear Miss Gilpin:

I am delighted with the beautiful gift you sent us, together with your greetings. I had not hoped that we might possess one of these portfolios of the Bank and I can assure you that we will prize it very dearly. It is indeed very beautiful.

I am afraid I have never made it very clear to you how grateful I am for the pains you took with our portfolio and with the results you have accomplished. I realize that it was only by very close attention to this work and by spending a great deal of your time that so good a result was accomplished. It has been very much admired by the few that we have sent it to.

I have never heard from George William, however. I guess he is too busy with his Swedish exhibition.

Hoping that you are well and that you and yours will have a most Happy Christmas, I am

Sincerely yours,

Arthur A. Fisher
