Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colorado.

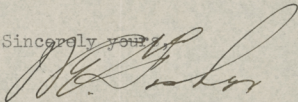

Dear Miss Gilpin:

I believe we have told you that we were awarded the City Club Medal for "distinctive architecture" in this section of the country and this award was made last week, and the medal is now in our possession.

I have taken this medal to the engravers and have asked them to send the cuts to you, which they promised to do to-day. These engravings will be about 3" wide and the two cuts will go nicely in the panel of the paper of the printing you have been making for us of the cuts. Will you therefore use your own judgment in placing these cuts in the panel and have them printed for us as soon as possible as I am anxious to use some of them in sending out the portfolios. I do not know whether or not there should be a title at the bottom of the panel inasmuch as the title is already on the cut, but you can use your own judgment in regard to it.

We are very much pleased with the excellent work you have done for us in connection with this project and we will have a check for you in a short time. If you wish to have any of these portfolios we will be glad to send you as many as you wish, as there may be some people in Colorado Springs who would be interested in having some of them.

Sincerely yours

WEF:HCF
