Gentlemen:

Your letter regarding the photographs of the new building at the State School for Deaf and Blind has been received.

To date I have not been able to get in touch with Architect Nieman and we have been having continued cloudy and rainy weather. I trust, however, to be able to get in touch with him today and that I will be able to do the work for you within the next few days.

My prices on things of this kind in the 8 x 10 size are \$5.00 for the first print and \$3.50 on succeeding prints.

Trusting that I can finish this work
for you within the next few days,
I am

Very truly yours,
