Dear Mr. MacKenzie:

Please accept my apologies for being so long in acknowledging the receipt of the medal and in answering your letter. I was in New York for sometime this winter, returning last month, and have been so busy with backwork that many things have been left undone. The medal came sometime ago and I am indeed proud to have won it. I wish I might see your exhibition sometime and only wish that you were not so far away.

I shall be sending you another group of prints before very long for the 1929 salon.

With kindest regards, I am

LGMB

Very truly yours,
