My dear Miss Kimball:

I have been hoping for word from you since the last of the Scout pictures were sent. I regretted being a little late with the last ones but it was impossible to get the girls except on Saturdays and even Saturdays were very busy at the end of the school year. I trust that the different types that I chose have met with yours and Mrs. Rippin's approval.

All of the girls, of course, were much thrilled over the making of these photographs and they are all anxious to know when and in what magazine they are going to appear. Would you be so kind as to send me word of their appearance, that I may get them and show them to the girls?

With best wishes, I am

LG:R

Very truly yours,
