Dear Mr. Martin:

Please pardon my delay in acknowledging the receipt of the Cup, but the past week has been a very upset one for me because of the death of a very dear friend of mine in Denver. The Cup came a week ago and I am, of course, proud to possess it and do you know that until it actually arrived I had not heard definitely that I had won it. I shall have to put forth my best efforts now to keep it for two years.

Did you see the answer to Mr. Haz' article in the November issue of "American Photography"? It was placed as far to the rear as possible but I trust that it was found by a certain proportion of the readers of the magazine including Mr. Haz. I hope to have an article for you in a comparatively short time.

Have you some extra copies of the October "Light and Shade"? My Father is very anxious to have as many as a dozen if I may purchase them from you. He is very proud of the fact that I have won the Cup and wishes to pass

it on to some of the family!

I am sending you a copy of a portfolio that I have been working on a good part of the summer for the Architects in Denver, whose work I have been photographing. My little printer here has done, I feel? exceptional work on these halftones and I had a great deal of pleasure in designing and supervising the entire job. I hope you will find it of some interest.

Trusting that all goes well with you and my remembrances to my many friends at the next meeting of the P.P.A., I am

Sincerely yours,
